STOLT TANKERS B.V. (f/k/a STOLT-NIELSEN TRANSPORTATION GROUP B.V.),

08 CIV. 4382 (SAS)

Plaintiff,

-against-

DECLARATION OF
ANDREW ADAMS IN
OPPOSITION TO MOTION
TO VACATE

GEONET ETHANOL, LLC,

Defendant.	
	v

- I, ANDREW ADAMS, pursuant to Section 1746, Title 28 of the United States Code, declare under penalty of perjury as follows:
- 1. I am the General Manager responsible for inter-Caribbean services for Stolt-Nielsen USA Inc. (f/k/a Stolt Nielsen Transportation Group Inc.) ("Stolt Inc."), an affiliate of Plaintiff STOLT TANKERS B.V. (f/k/a STOLT-NIELSEN TRANSPORTATION GROUP B.V.) ("Stolt"). Stolt Inc., as agent for Stolt, negotiated and entered into a Contract of Affreightment ("COA"), dated June 1, 2007, between Stolt and Defendant GEONET ETHANOL, LLC ("GeoNet"). As Stolt Inc.'s General Manager responsible for inter-Caribbean services, I personally negotiated and executed the COA. I am therefore fully familiar with the facts and circumstances surrounding the negotiations, execution and administration of the COA.
- 2. I submit this declaration in opposition to the declaration of Mr. J. Brent Baker, GeoNet's Chief Executive Officer.
- 3. Stolt is a corporation organized and existing under the laws of the Netherlands, with an office at care of Stolt-Nielsen USA, Inc., located at 800 Connecticut Avenue, Norwalk, CT. Stolt has no offices in the State of Texas and it is not registered to do business there.

- 4. During the negotiations for the COA sometime in May 2007, I personally dealt with Mr. Baker, Mr. Phil Dalton and Mr. Dale Hudson, respectively the President and CEO, the Chief Operating Officer and the Consulting Supply Chain Manager of GeoNet. I attach hereto as Exhibit A, copies of the business cards that these individuals handed to me when Stolt first began discussions with GeoNet. Each business card contains a St. Croix, Virgin Islands address for GeoNet.
- 5. Throughout the COA negotiations, Mr. Baker and other GeoNet representatives advised me that GeoNet was a U.S. Virgin Islands company. At no time was I ever informed that GeoNet had an office in Houston, or that it was allegedly doing business in Texas, through an affiliate named GeoNet Utilities, Inc.
- 6. As part of its due diligence in connection with this COA, Stolt Inc. also conducted a Dunn & Bradstreet search for GeoNet. That search revealed that the company had a principal place of business in the Virgin Islands, with no offices or any business in the United States. I attach hereto as Exhibit B a copy of the D&B Report. The results of this investigation were also independently corroborated by GeoNet's submission of a credit application to Stolt. I attach hereto as Exhibit C, a copy of that document. The credit application, signed by Mr. Dalton, identifies a Virgin Islands address, with GeoNet's bank, the Bank of St. Croix, also located in the Virgin Islands.
- 7. When the COA was executed, GeoNet's business address and contact details, (telephone and fax numbers as well as e-mail address) were all listed in St. Croix, Virgin Islands. More specifically, in Clause 18 of the COA, which deals with the Notices that the parties must give to each other during the performance of the COA, GeoNet expressly listed contact details in the Virgin Islands. I attach hereto as Exhibit D a copy of the COA.

8. Moreover, during the short period of time the COA was in effect from June 1, 2007, up to GeoNet's repudiation of the contract on November 1, 2007, freight payments due from GeoNet to Stolt under the COA were remitted from GeoNet's bank in the Virgin Islands, and indeed Mr. Baker's November 1, 2007 letter to Stolt (in which Mr. Baker advised Stolt that GeoNet was canceling the COA) originates from the company's St. Croix, Virgin Islands address. Nowhere does the letter indicate the presence of an office in Houston for GeoNet. I attach hereto as Exhibit E a copy of the November 1, 2007 letter.

Executed at Houston, Texas

June 26, 2008

### Contract of Affreightment

It is this day, June 1, 2007, mutually agreed between Stolt-Nielsen Transportation Group B.V. (hereinafter called the "Owner") and GeoNet Ethanol LLC (hereinafter called the "Charterer") to enter into the following Contract of Affreightment ("COA"). In this COA, Owner and Charterer may each be referred to as a "Party" and collectively they may be referred to as the "Parties."

### Asbatankvoy Part 1

### 1. TONNAGE

Stolt-Nielsen Transportation Group BV owned or chartered or procured tonnage ("Contract Vessel") as per an agreed vessel schedule. Each vessel transporting cargo under this COA must be approved by Charterer.

### 2. PERIOD

One (1) year to commence upon confirmation of the first lifting ("Effective Date) Such first lifting to take place between June 15, 2007 and July 15, 2007, and confirmation of the first lifting is to be given by Charterer by May 31, 2007 as per nomination clause below.

### 3. CARGO

A minimum of 11,000 metric tons (mt) and a maximum of up to full vessel capacity of, in Charterer's option, one or more grades ethanol, which shall be segregated according to grade. Always within the vessel's natural segregation.

### 4. FREQUENCY

Charterer to provide a minimum 11,000 mt of cargo twice per month. Owner to provide two (2) sailings of minimum 11,000 mt capacity per month, evenly spread. The liftings shall be spaced with a minimum of 13 days and a maximum of 20 days separation between sailings. If Owner wishes to substitute tonnage, Owner will coordinate the vessel substitution to meet the scheduled delivery of cargo to Charterer's customers.

### 5. NOMINATION

- a. Charterer will designate a thirty (30) day load window for the first lifting by May 31, 2007 whereby Owner will nominate performing tonnage.
- b. Twenty (20) days prior to the load window designated in clause 5(a) above, Charterer will further narrow the load window for the first lifting to 15 days, at which time Owner will nominate a 10 day laycan within Charterer's load window.
- c. Fifteen (15) days prior to the laycan designated in clause 5(b) above, Owner will further narrow laycan to 5 days.
- d. Owner will subsequently nominate 2 sailings per month with a minimum capacity of 11,000 mt per sailing adhering to Clauses 4, 5(b) and 5(c) with regard to nomination timing.
- e. Owner and Charterer agree to work together in good faith to accommodate eventual port delays and/or production or supply issues.
- f. Charterer's customers, or a government having jurisdiction over the shipping of ethanol, may require double hull tonnage. In such event, Charterer will advise Owner a minimum of 15 days ahead of such anticipated sailing and Owner will either nominate acceptable double hull tonnage or Charterer will be free to enter the market to secure suitable double hull tonnage.
- g. If Charterer must secure tonnage outside this Contract of Affreightment, per clause 5(f) above, Charterer and Owner will work in good faith to maintain the 2 sailings per month schedule. Additionally, if Charterer must secure tonnage outside this Contract of Affreightment, then the volume lifted by the outside tonnage will be deducted from the volume to be carried pursuant to this Contract of Affreightment.
- h. If Owner is not able to adhere to the sailing schedule of 2 sailings per month in any given month because of weather, equipment problems or other reason excused by Charterer, with a minimum of 13 days and a maximum of 20 days separation between sailings, Charterer is relieved of its obligation to provide 11,000 mt of cargo for that missed shipment and Charterer is free to enter the market for any single lifting affected by Owner's inability to adhere to the sailing schedule without recourse or cost to either party, with respect to 11,000 mt of shipment not provided by Owner. Owner and Charterer will work in good faith to reestablish the sailing schedule of 2 sailings per month, starting as soon as possible but no later than the next calendar month after Owner failed to provide a sailing.

### 6. LOAD

One safe berth St. Croix, US Virgin Islands or one safe berth Kingston, Jamaica.

### 7. DISCHARGE

- a. United States Atlantic coast not south of Baltimore, Maryland or north of North Providence, Rhode Island.

- The Owner(s) shall not be required to continue to load cargo for any voyage, or to sign Bills of Lading for any port or place, or to proceed or continue on any voyage, or on any part thereof, or to proceed through any canal or waterway, or to proceed to or remain at any port or place whatsoever, where it appears, either after the loading of the C. cargo commences, or at any stage of the voyage thereafter before the discharge of the cargo is completed, that, in the reasonable judgment of the Master and/or the Owners, the Vessel, her cargo (or any part thereof), crew or other persons on board the Vessel (or any one or more of them) may be, or are likely to be, exposed to War Risks. In this event the Owner(s) shall be entitled, if the Charterer that distance exceeds 250 miles, to additional freight which shall be the same

percentage of the freight contracted for as the percentage which the extra distance represents to the distance of the normal and customary route.

- E. 1. The Owner(s) may effect war risks insurance in respect of the Hull and Machinery of the Vessel and their other interests (including, but not limited to, loss of earnings and detention, the crew and their Protection and Indemnity Risks), and the premiums and/or calls therefor shall be for the Owner's account.
  - 2. If the Underwriters of such insurance should require payment of premiums and/or calls because, pursuant to the Charterer's orders, or in order to fulfill the Owner's obligation under this Charter Party, the Vessel is within, or is due to enter and remain within, or pass through any area or areas which are specified by such Underwriters as being subject to additional premiums because of War Risks, then the actual premiums and/or calls paid shall be reimbursed by the Charterer to the Owner(s) within 14 days after receipt of the Owner's invoice. If the Vessel discharges all of her cargo within an area subject to additional premiums as herein set forth, the Charterer shall reimburse the Owner(s) for the actual additional premiums paid which may accrue from completion of discharge until the Vessel leaves such area or areas referred to above.   - 4. to discharge at any other port any cargo or part thereof which may render the Vessel liable to confiscation as a contraband carrier;

- 5. to call at any other port to change the crew or any part thereof or other persons on board the Vessel when there is reason to believe that they may be subject to internment, imprisonment or other sanctions; and
- 6. where cargo has not been loaded or has been discharged by the Owners under any provision of Clause 29(F)(1-5) above, to load other cargo for the Owners' own benefit and carry it to any other port or ports whatsoever, whether backwards or forwards or in a contrary direction to the ordinary or customary route.
- G. If in compliance with any of the provisions of sub-clauses (B) to (F) of this Clause anything is done or not done, such shall not be deemed to be a deviation, but shall be considered as due fulfillment of the Contract of Affreightment.

These requirements shall be presumed to be reasonable and shall include details of hydrocarbons, chlorides, permanganate time, non-volatile matter specifications, color, and any other requirement. Failure to provide said

requirements will result in a presumption that the cargo tank is subject only to visual inspection and that no wall wash or foot sample analysis will be accomplished. Any additional time and/or expenses incurred as a result of Charterer's failure to comply with its obligations under this clause shall be for Charterer's account.

- C. If one or more of the Vessel's tanks fail the initial inspection as determined by Charterer's inspector and additional cleaning is necessary, Owner shall undertake such cleaning at its time and expense. Time and expense then required for Charterer's second inspection shall be for Owner's account providing that Charterer's inspector conducts said inspection within 4 hours after receipt of vessel notice afterwhich laytime or time on demurrage shall resume. Should Charterer's inspector not be satisfied with the cleanliness then obtained, Charterer shall have the option, on written notice to Owner, of canceling the Voyage without liability of either Party, one to the other, but, if this option is not exercised, then all time and expense attributable to additional cleaning and re-inspection(s) are for Owner's account.
- D. Last three (3) cargoes in all tanks used under this Charter Party to consist of clean, unleaded materials which are not darker than 2.5, according to National Petroleum Standards (ASTM D-155) and subject to acceptance by Charterer and any of its customers that have special requirements, such as Shell Trading U.S. Company, which shall not be unreasonably withheld.
- E. Vessel to supply coated and/or stainless steel tanks suitable for the carriage of Charterer's cargo.
- F. Charterer is aware that vessel will be trading on a dedicated basis and tanks may be presented in a non-gas free state with last cargo being Charterer's ethanol.

- A. Owner warrants that it is fully aware of the operational restrictions of the named load port(s) and berths and named discharge port(s) and berths covered by this Charter and that the Vessel will, in all respects, comply with them. Any failure of a Vessel to comply with such restrictions shall be at Owner's sole risk and time.
- B. Any time lost at load and/or discharge port(s), whenever/howsoever lost, which is directly/indirectly attributed to weather conditions and/or 'sea state', shall count as half laytime or if the vessel is on demurrage, at one half demurrage rate.
- C. If after the disconnection of hoses, the vessel remains at the berth exclusively for the vessel's purposes, the Owner will be responsible for all direct or indirect costs charged to Charterer(s) by the terminal, the supplier(s) or the receiver(s). Alternatively vessel shall vacate the berth immediately upon the terminals request.
- D. Charterer may load or discharge at one or more nominated berth(s) and/or place(s) per port. The net documented shifting costs, including but not limited to tugs, pilots, agency fees, linesmen, whafage, dockage, quay dues and all fuel consumed during the applicable time within the port are for Charterer's account unless the Vessel is scheduled to call at or calls at berth(s) or place(s) for Vessel purposes or for other(s)

Page 20 5/21/2007

in which case the Vessel shift shall be at no cost to Charterer. Laytime or time on demurrage to run continuously until hoses off at final discharge berth.

If no original Bill of Lading is available at the discharge port(s) or if vessel is ordered to discharge in a port different from the destination as shown in the Bill of Lading, Owner is to discharge and release the entire cargo against a Letter of Indemnity provided by Charterer in accordance with Owner's Protection and Indemnity Insurance ("P and I") wording, no bank guarantee required.

#### 8. PUMPING/HOSES

- A. Hoses for loading and discharging shall be furnished by the Charterer and shall be connected and disconnected by the Charterer, or, at the option of the Owner, by the Owner at the Charterer's risk. (ASBATANKVOY Part II Clause 11)
- B. Owner warrants that vessel will discharge a full cargo within 24 hours (or pro rata for part cargo) or will maintain a minimum discharge pressure of 100 psi at the vessel's manifold throughout discharge, provided receiving facilities are capable of accepting cargo within such time or at such pressure. Receiving terminal shall have the right to gauge discharge pressure at the vessel's manifold.
- C. Any time consumed due to inability of vessel to discharge cargo within 24 hours or to maintain a minimum discharge pressure of 100 psi at the vessel's manifold throughout

- discharge will be for Owner's account and shall not count as used laytime (nor be compensated for at the demurrage rate if allowed laytime has expired).
- D. In the event that demurrage is to be claimed by reason of alleged inability of receiving facilities to accept cargo within the warranted time or at warranted discharge pressure, vessel must present terminal and Charterer with a Note of Protest prior to departing berth and Owner will include a copy of the vessel's pumping record, Note of Protest and other supporting documentation with such claim. Failure to comply with this documentation requirement shall result in the claim being barred.

A. Unless otherwise agreed, all Charterer's cargo to be considered full cargo and direct sailing guaranteed.

#### 10. FORCE MAJEURE

However, Owner will have the option to cancel the lifting or offer another vessel to carry the agreed upon volume without penalty or cost to Charterer.
- C. In cases where the Owner declares a Force Majeure, Charterer is free to secure outside tonnage in the market.
- D. Due to the specific nature of this trade, if the United States Government removes the present tariffs for the importation of ethanol to the United States or if the Caribbean Basin Initiative exclusion from this tariff is rescinded, or if Brazil imposes export controls or duties on hydrous ethanol or other raw materials used by Charterer in making its products, then the Charterer has the option to suspend performance under this Contract of Affreightment for up to six (6) months or to

cancel this Charter Party without penalty or cost. In addition, Charterer can declare Force Majeure and exercise an option to suspend performance for up to six (6) months and then cancel this Charter Party or it can at the time it declares Force Majeure cancel this Charter Party without penalty or cost if the import duty exemption available under the Caribbean Basin Initiative becomes temporarily unavailable because the import quota set by such law has been met, or if the law is modified or a new law passed, to thereby create and/or impose an import duty or like tax with respect to foreign sourced ethanol dehydrated in St. Croix, Virgin Islands. In the event that Charterer declares Force Majeure and exercises its option to suspend performance under this Contract of Affreightment for up to six (6) months and subsequently lifts the suspension of performance within the six (6) months, then two (2) months shall be added to the period of the charter as defined by ASBATANKVOY Part I, Clause 2.

- E. The ability of Charterer to manufacture fuel ethanol is dependent upon the ethanol dehydration plant which it is constructing becoming operational and on continued availability of necessary raw materials and products from its usual and anticipated suppliers and continued availability of energy supplies to its manufacturing facility in St. Croix, Virgin Islands. Prior to the ethanol dehydration plant becoming operational, Charterer may declare Force Majeure and suspend performance under this Charter Party until such time as the plant is operational. If the availability of sufficient quantities of such raw materials, products and/or energy supplies from those suppliers is restricted during the term of this Charter Party below that necessary to produce fuel ethanol in the amounts nominated in this Charter Party, then Charterer may declare Force Majeure and exercise an option to suspend its performance under this Charter Party for up to ninety (90) consecutive days or cancel this Charter Party without penalty or cost.

The Vessel shall not be responsible for any admixture if more than one quality of oil is shipped, nor for leakage, contamination or deterioration in quality of the cargo unless the admixture, leakage, contamination or deterioration results from (a) unseaworthiness existing at the time of loading or at the inception of the voyage which was discoverable by the exercise of due diligence, or (b) error or fault of the servants of the Owner in the loading, care or discharge of the cargo.
- GENERAL EXCEPTIONS CLAUSE. And neither the vessel nor Master or Owner, nor the Charterer, shall, unless so otherwise in this Charter expressly provided, be responsible for any loss of damage or delay or failure in performing hereunder, arising or resulting from; -Act of God; act of war; perils of the sea; act of public enemies, pirates or assailing thieves; arrest of restraint of princes, rulers or people; or seizure under legal process provided bond is promptly furnished to release the vessel or cargo; strike or lockout or stoppage or restraint of labor from whatever cause, either partial or general; or riot or civil commotion.

The applicable Act, ordinance or legislation (hereinafter called the "Act") shall be deemed to be incorporated herein and nothing herein contained shall be deemed a surrender by the Owner of any of its rights or immunities or an increase of any of its responsibilities or liabilities under the Act. If any term of this Bill of Lading be repugnant to the Act to any extent, such term shall be void to the extent but no further.
- (ii) JASON CLAUSE. In the event of accident, danger, damage, or disaster before or after commencement of the voyage resulting from any cause whatsoever, whether due to negligence or not, for which or for the consequence of which the Owner is not responsible by statute, contract, or otherwise, the cargo shippers, consignees, or owners of the cargo shall contribute with the Owner in General Average to the payment of any sacrifices, losses or expenses of a General Average nature that may be made or incurred, and shall pay salvage and special charges incurred in respect of the cargo. If a salving ship is owned or operated by the Owner, salvage shall be paid for as fully as if the salving ship or ships belong to strangers. If the Vessel comes into collision with another ship as a result of negligence of the other ship and any act, neglect or default of the master, mariner, pilot or the servants of the goods carried hereunder will indemnify the Carrier against all loss or liability to the other or non-carrying ship or her owners insofar as such loss or liability represents loss of, or damage to, or any claim whatsoever of the owners of said goods, paid or payable by the other or non-carrying ship or her owners to owners of said goods and set-off, recouped or recovered by the other or non-carrying ship or her owners as part of their claim against the carrying ship or carrier. The foregoing provisions shall also apply where the owners operators or those in charge of any ships or objects other than, or in addition to, the colliding ships or objects are at fault in respect to a collision or contact.

If in respect of a port of discharge no orders be received from the Charterers within 48 hours after they or their agents have received from the Owners a request for the nomination of a substitute port the Owner shall then be at liberty to discharge the cargo at any safe port which they or the Master may in their or his discretion decide on (whether within the range of discharging ports established under the provisions of the Charter Party or not) and such discharge shall be deemed to be due fulfillment of the contract or contracts of affreightment so far as cargo so discharged is concerned. In the event of the cargo being loaded or discharged any such other port within the respective range of loading or discharging ports established under the provisions of the Charter Party the Charter Party shall be read in respect of freight and all other conditions whatsoever as if the voyage performed were that originally designated. In the event however, that the Vessel discharges the cargo at a port outside the range of discharging ports established under the provisions of the Charter Party freight shall be paid as for the voyage originally designated and all extra expenses involved in reaching the actual port of discharge and or discharging the cargo threat shall be paid by the Charterers or Cargo Owners. In the latter event the Owners shall have a lien on the cargo for all such extra expenses.

  - If by reason of or incompliance with any such direction or recommendation the Vessel does not proceed to the port or ports of discharge originally designated or to which she may have been ordered pursuant to the terms of the Bills of Lading, the Vessel may proceed to any safe port of discharge which the Master or Owners in his or their discretion may decide on and there discharge the cargo. Such discharge shall be deemed to be due fulfillment of the contract or contracts of affieightment and the Owners shall be entitled to freight as if discharge has been effected at the port or ports originally designated or to which the vessel may have been ordered pursuant to the terms of the Bills of Lading. All extra expenses involved in reaching and discharging the cargo at any such other port of discharge shall be paid by the Charterers and/or Cargo Owners and the Owner shall have a lien on the cargo for freight and all such expenses.
  - (vii) DEVIATION CLAUSE. The Vessel shall have liberty to call at any ports in any order, to sail with or without pilots, to tow or to be towed, to go to the assistance of vessels in distress, to deviate for the purpose of saving life or property or of landing any ill or injured person on board, and to call for fuel or stores at any port or ports in or out of the regular course of the voyage. Any salvage shall be for the sole benefit of the Owner.
  - 21. LIEN. The Owner shall have an absolute lien on the cargo for all freight, dead freight, demurrage and costs, including attorney's fees, of recovering the same, which lien shall continue after delivery of the cargo into the possession of the Charterer, or of the holders of any bills of lading covering the same, or of any storageman.
  - 22. AGENTS. The Owner shall appoint Vessel's agents at all ports.
  - 23. BREACH. Damages for breach of this Charter shall include all provable damages, and all costs of suit and attorney fees incurred in any action hereunder.

Any and all differences and disputes of whatsoever nature arising out of this Charter shall be put to arbitration in the City of New York or in the city of London whichever place is specified in Part I of this charter pursuant to the laws relating to arbitration there in force, before a board of three persons, consisting of one arbitrator to be appointed by the Owner, one by the Charterer, and one by the two so chosen. The decision of any two of the three on any point or points shall be final. Either party hereto may call for such arbitration by service

upon any officer of the other, wherever may be found, of a written notice specifying the name and address of the arbitrator chosen by the first moving party and brief description of the disputes or differences which such party desires to put to arbitration. If the other party shall not, by notice served upon an officer of the first moving party within twenty days of the service of such first notice, appoint its arbitrator to arbitrate the dispute or differences specified, then the first moving party shall have the right without further notice to appoint a second arbitrator, who shall be a disinterested person with precisely the same force and effect as if said second arbitrator has been appointed by the other party. In the event that the two arbitrators fail to appoint a third arbitrator within twenty days of the appointment of the second arbitrator, either arbitrator may apply to a Judge of any court maritime jurisdiction in the city above mentioned for the appointment of a third arbitrator, and the appointment of such arbitrators by such Judge on such application shall have precise the same force and effect as if such arbitrator had been appointed by the tow arbitrators. Until each time as the arbitrators finally close the hearings either party shall have the right by written notice served on the arbitrators and on an officer of the other party to specify further disputes or differences under this charter for hearing and determination. Awards made in pursuance to this clause may include costs, including a reasonable allowance for attorney's fees, and judgment may be entered upon any award made hereunder in any Court having jurisdiction in the premises.

- 25. SUBLET. Charterer shall have the right to sublet the Vessel. However, Charterer shall always remain responsible for the fulfillment of this Charter in all its terms and conditions.
- 26. OIL POLLUTION CLAUSE. Owner agrees to participate in Charterer's program covering oil pollution avoidance. Such program prohibits discharge overboard of all oily water, oily ballast or oil in any form of a persistent nature, except under extreme circumstances whereby the safety of the vessel, cargo or life at sea would be imperiled.

Upon notice being given to the Owner that Oil pollution Avoidance controls are required, the Owner will instruct the Master to retain on board the vessel all oily residues from consolidated tank washings, dirty ballast, etc., in one compartment, after separation of all possible water has taken place. All water separated to be discharged overboard.

If the Charterer requires that demulsifiers shall be used for the separation of oil/water, such demulsifiers shall be obtained by the Owner and paid for by Charterer.

The oil residues will be pumped ashore at the loading or discharging terminal, either as segregated oil, dirty ballast or co-mingled with cargo as it is possible for Charterers to arrange. If it is necessary to retain the residue on board co-mingled with or segregated from the cargo to be loaded, Charterers shall pay for any deadfreight so incurred.

Should it be determined that the residue is to be co-mingled or segregated on board, the Master shall arrange that the quantity of tank washings be measured in conjunction with cargo suppliers and a note of the quantity measured made in the vessel's ullage record.

The Charterer agrees to pay freight as per the terms of the Charter Party on any consolidated tank washings, dirty ballast, etc. retained on board under Charterer's instructions during the loaded portion of the voyage up to a maximum of 1% of the total deadweight of the vessel that could be legally carried for such voyage. Any extra expenses incurred by the vessel at loading or discharging port in pumping ashore oil residues shall be for Charterer's account, and extra time, if any, consumed for this operation shall count as used laytime.

Re: GeoNet Ethanol LLC - Contract of Affreightment Declaration of Force Majeure

Dear Messis. Adams and Long:

I write this letter in connection with the contract of affreightment dated as of June 1, 2007 ("COA") between GeoNet Ethanol LLC ("GeoNet") and Stolt-Nielsen Transportation Group B.V. ("SNIG"). As you already know from my personal meeting with Mr. Adams on October 25<sup>th</sup>, GeoNet has suffered a supply disruption of indefinite duration. As you are also aware, this is because ethanol is unavailable from GeoNet's "usual and anticipated" supplier. As a consequence, while GeoNet is committed to continue to address this matter cooperatively with SNIG, GeoNet must now formally declare Force Majeure pursuant to Clause 10(E) of GeoNet Ethanol LLC Standard Amendments to Asbatankvoy charter party form, August 2006 of the COA.

In light of the cancellation of the COA, as we have already advised SNTG, no vessel should be restricted from assignment to any other charter of any duration in connection with the COA.

GeoNet makes this declaration with a full reservation of rights to assert any and all other defenses it may have under the COA or under any other authority.

We look forward to discussing this matter with you.

Very truly-yours.
